

[Titel of your Particl Proposal]

Description:

[Your sample Proposal Description (optional):

If the proposal form on particl marketplace does not provide enough characters/space to describe your proposal in full length, you can also describe your proposal in any document of your choice. Reference only the documents SHA-256 Hash at the proposal form on particl marketplace. Then post the unchanged document file on the proposal thread you created on the Particl Community Forum ([Community-Governance-Proposals](#)).

This is only a suggestion on how your referenced proposal document might be structured.

Providing a referenced document together with your proposal is an optional step and not a necessity. Often you might only use the standard proposal form on particl marketplace to express the What/Why/How/Who/When of your proposal.

For more complex proposal descriptions feel free to make use of the very well structured [Feature request templates](#)]
